

??

????

The diagram illustrates the LoRa testbed components. It features a central horizontal bar representing the LoRa testbed, with various components connected to it. On the left, there is a component labeled 'B1-7052' connected to a series of small squares. On the right, there is a component labeled 'LoRa testbed' connected to a series of small squares. The central bar is composed of many small squares, and there are additional components connected to it from both sides.

XD

A 10x10 grid of squares. The top row and the first column are shaded gray, representing 10% of the total area.

????mobinets

mobinets

Diagram illustrating the architecture of mobinets, showing a sequence of layers with varying numbers of nodes. The layers are represented by horizontal bars of different lengths. The number 612 is shown next to the 64-node layer, indicating the number of nodes in the previous layer.
